

GOV. PREUS IN FIRST BIG POLITICAL SPEECH

GOVERNOR SPEAKS AT MINNEAPOLIS BEFORE PREUS CLUB

JUDGE TORRANCE TO PRESIDE. FORMER GOVERNOR VAN SANT SPEAKS TOO

FORMER GOVERNOR BURNQUIST CHARGED WITH TRYING TO STIR UP STRIFE

(By United Press)
St. Paul, June 14.—Speculation as to the outcome of the senatorial primary became distasteful to political writers in Minnesota for the first time, as propaganda-drenched editorials so far have steered clear of any definite predictions.

The press of the state is almost unanimously republican—and there are nine in the republican senatorial primary, each one seeking support. Apparently a majority of the press, however, is with Governor J. A. O. Preus.

The governor tomorrow will set off his first big political speech. He will speak before the Preus-for-Senator club in Minneapolis. So far Preus has delivered one or more speeches a day for the last two weeks. These have been mostly of a non-political nature.

Judge Eli Torrance will preside at the meeting. Former Governor Samuel R. Van Sant will also address the gathering.

Former Governor J. A. A. Burnquist has been striving valiantly to stir up strife in the republican primary, attacking both Governor Preus and Judge Oscar Hallam, but so far he has been unable to get a rise out of either. They have ignored his charges, apparently figuring him out of the count.

Preus followers are making strenuous efforts to get out the Minneapolis vote, which they believe will favor the governor. The municipal election Monday failed to get out 100,000 voters, and it is believed the senatorial candidates will be fortunate to get out 60,000 to 70,000 votes next Monday. If the vote runs this low, it will hurt Governor Preus.

Friends of Preus, asserting that he will be nominated, said that he will draw a "pepper-box" vote from all parts of the state. He will carry Minneapolis, they said, but admitted the possibility he may not carry any other congressional district.

Sidny Anderson will likely carry his own First district. Halvor Steenerson may possibly carry his district and Thomas Schall may carry the Tenth district. Judge Oscar Hallam is expected to carry St. Paul. It will be a close race in the Sixth district between Hallam and Preus.

CASE REQUIRED A SOLOMON TO JUDGE

(By United Press)
Chicago, June 14.—Joseph B. David today decided that Mrs. Julia Waszney, 35, is the mother of Leona Felicia, 5, and that the little girl, claimed by two women as blood daughter, is of legitimate birth.

Mrs. Waszney's claim to the child was contested in a court hearing by Mrs. Morris Lenz, 32. The case, likened to the "King Solomon" episode of Biblical fame, had attracted crowded court rooms daily.

Both Mrs. Waszney and Mrs. Lenz testified that they had given birth to the child and produced evidence to support their assertions. Each declared that the little girl was placed temporarily in the custody of the other.

LITTLE FALLS PLANS \$25,000 CREAMERY

Little Falls, June 14.—Farmers, dairymen and business men of Little Falls and vicinity met here and decided to erect a \$25,000 two-story brick creamery, one block from the public square here. Stock sale will start June 23, and only patrons of the creamery, known as the Farmers Cooperative Creamery association, will be eligible to purchase stock. Business men will buy bonds in the association.

LI YUAN HUNG HAD FLED WITH SEALS; STOPS GOVERNMENT

(By United Press)
Shanghai, June 14.—Li Yuan Hung, who was held at Tientsin by the military governor following his abdication, was released today.

The seals of office without which no one can govern in China were missing when Li fled and the Tientsin governor ordered his railway car surrounded until they should be delivered. The new cabinet recovered the seals and the president was freed.

Conditions here and at Peking are quiet, and the threatened uprising of troops is believed to have been averted.

PRESIDENT RESIGNED BEFORE LIBERATION

London, June 14.—Li Yuan Hung signed a telegram to Parliament resigning before he was liberated by opposition troops who surrounded his train following his flight from Peking, according to a Tientsin dispatch to the Evening News.

Preus Addresses State

Firemen at Bemidji

Bemidji, Minn., June 14.—Governor J. A. O. Preus was the principal speaker at the meeting of the State Firemen's association and at noon spoke before a meeting of the Civic and Commerce association.

Governor Preus commended the firemen on the work accomplished over the state in fire prevention work, which he declared was the most essential thing in fire fighting. He also reviewed the work done by the state in this connection, assuring the members of the state organization of the fullest co-operation from the state fire marshal's office, which he declared received especially valuable information from fire fighters over the state in every case in which they were called upon. He also extended thanks to the several departments which have been called upon in the past to aid in fighting brush and forest fires.

PRESIDENT IS TO ENDORSE CANDIDATE

(By United Press)
Washington, June 14.—Before leaving for his Alaskan trip next week President Harding will probably issue a statement endorsing a republican candidate for the seat of the late Senator Knute Nelson, senator from New Hampshire, chairman of the Republican Senatorial Campaign Committee, said today after a conference with Mr. Harding.

Moses was accompanied at the conference with Mr. Harding by Senators Wadsworth, New York, and Peter, Pennsylvania, both members of the committee. The conference at the White House was among the first regarding the campaign in 1924 and the republican primary in Minnesota July 16 to fill the seat of the late Senator Nelson.

BUCKET OPERATOR COLLAPSED IN CELL

(By United Press)
New York, June 14.—Edward M. Fuller, believed to be about to tell the inside story of his bucking operations in Wall Street and name the "men higher up" collapsed in his cell today.

Physicians were hurriedly summoned to the aid of the stricken broker to determine the seriousness of his condition. Fuller and William McGee pleaded guilty yesterday to an indictment charging the bankruptcy of Edward M. Fuller & Company was due to operating bucket shops.

They face terms of from two and one-half to five years. Fuller was to have been taken to face a referee in bankruptcy this morning. His sudden collapse prevented this.

TROEH BREAKS 99 OUT OF 100 IN THE PRACTICE SHOOT

VANCOUVER, WASH., TRAP SHOOTER AT BREEZY POINT STATE SHOOT

DAVE FAUSKEE, THE AMATEUR CHAMPION, WINS FIRST IN MISS-AND OUT

Wednesday, June 13, opening day of the Minnesota State Trap Shooting Championship tournament, was practice day at the traps at Breezy Point lodge and close to a hundred trap shooters shot 100 targets.

Frank Troeh, of Vancouver, Washington, broke 99.

Five men broke 98 each, being H. Kalland of Brainerd; J. R. Graham, professional, Chicago; George S. Jewett, Minneapolis; T. W. Edwards, professional, Des Moines, Iowa; A. L. Chezik, Portal, N. D.

Sam Sharman of Salt Lake City, Utah, broke 97.

Five breaking 96 each were George Trent, Sr., professional, Brainerd; E. J. Goward, Aitkin; Dr. Joe Dawson, Omaha, Neb.; J. S. Frink, Worthington; Dr. Roy Williams, Brainerd.

More Shooters Arriving

New groups of prominent shooters are arriving from different states. Mark Arie, state champion of Illinois, came from Champlain; Frank Hughes from Moberly, S. D.; J. R. Jahn from Long Grove, Iowa, one of the most noted professionals.

In his tour east last year Captain William H. Fawcett, owner of Breezy Point, shot and won cups and other trophies at many of the most famous shooting clubs of New York City, Atlantic City, the Carolinas, etc., and the east may send a contingent to Breezy Point to take in the state shoot.

In point of prize money, cups and attendance and famous shooters assembled the Minnesota State tourney exceeds the Dakotas and about equals the Illinois shoot.

Miss-and-Out

Dave Fauskee of Worthington, Minnesota and North American amateur champion, won first money in the O. N. Ford miss-and-out championship event last yesterday afternoon with 33. Fred Mayhew of Wadena won second with 33. F. L. Wann of St. Paul third with 24 and George S. Jewett of Minneapolis fourth with 22.

Fireworks

For last evening's entertainment there was a huge bonfire and barbecue staged near the trap shooting grounds, while fireworks flared in the twilight, followed by the opening dance at the pavilion.

The Julewood orchestra of Brainerd played.

Thursday Program

At Breezy Point Lodge today (Thursday), first registered day of the state tournament, the program includes 160 singles 16 yards race. Four Minnesota class championship trophies will be awarded class winners of the last 100 targets of regular event. The championship at doubles, 25 pairs, will also be decided.

Twenty-two squads faced the traps at 9:30 this morning and shooters are still streaming in to the tournament, giving every expectation of a total registry of close to 150. High scores will be made and records broken as the weather conditions are ideal.

For complete scores of the practice day shoot see page 8.

Proper Adjustment.

A little girl at Swope park Saturday afternoon was severely criticized by her mother for feeding popcorn to the goats from a pasteboard box. The child remonstrated that the goats were hungry. "Yes," said the mother, "but you should have given the popcorn to the ducks, and let the goats have the box."—Kansas City Star.

OKLAHOMA CITY AT NOON FACES BIG FLOOD AND DAMAGE

Oklahoma City, Okla., June 14.—Oklahoma City today prepared for the highest flood water in history, expected about noon, when the North Canadian river will reach flood level, according to weather bureau predictions.

The river is already four and one-half feet above previous high levels, and water is two feet high in the big city reservoir dam, 10 miles from here.

'GLAND JAG' IN SAME LINE 'CORN WHISKEY JAG'

REAL SECRET OF LONG LIFE IS NOT IN SET OF FIXED RULES

LIFE PROLONGED THROUGH EMPIRICAL MEDICINE, SANITARY SCIENCE

Chicago, June 14.—Medical science has lengthened the span of human life sixteen years in the last half century, Dean A. C. Eycleshymer, of Illinois university medical college, told graduating classes in the general medical college today.

Dean Eycleshymer said that a comparison of organic changes in man and in animals and the relations of changes in the "average human life indicate that "we should become centenarians—live to be 100 years old."

Medical science is "today having a 'gland jag' which will not long hence, be placed in the same category with a 'corn whiskey jag,' he said, and that the real secret of long life is not to be found in a set of fixed rules, but that life is being prolonged through empirical medicine and sanitary science."

"The lengthening of the average human life since 1875 has been possible through search of science for the 'elixir of life,' the dean asserted. He also believes that the knowledge of human life is far from being complete.

"There is much for future generations to accomplish in ascertaining the functions of some of the little known glands of the body," he said. "Around the sexual glands have centered all the zones of power and some experimentation. Our best deductions are that physical activity is at its height while these glands are most active, and activity declines as these glands become less active."

The experiments of Steinhart Vercoff and others indicate that transplantation of active glands temporarily rejuvenates and that a wave of gland transplanting is sweeping the country, fabulous prices being paid for the materials and operations.

"One would not go far afield in predicting that the day is not far distant when the gland will be placed in the same category with the 'corn whiskey jag.'"

WEATHER MAN SMILES WITH FAVOR ON CROW WING COUNTY FARM BUREAU PICNIC TODAY; LARGE CROWDS PRESENT

The weather man smiled with favor on Crow Wing county's farm bureau picnic in session at the Herman Thellin farm near Crosby Thursday. A clear sky and a moderate temperature brought an exceptionally large attendance from all sections of the county.

Brainerd business houses were closed all day, the merchants and clerks observing their annual picnic with the farm bureau. Banks closed at one o'clock in the afternoon. From the deserted appearance of the city, it is felt that a large number from Brainerd attended the festivities.

The program started with a picnic dinner at noon, followed by a band concert by the Crosby band.

STRANGE TALE OF A FIGHT ON HIGH SEAS IS RELATED

5 CHINESE, 2 WHITE MEN AND 2 NEGROES SLAIN ABOARD SLOOP

TWO MASTER FOUND OFF NEW YORK BAY, MINUS CREW AND CAPTAIN

(By United Press)
New York, June 14.—A strange story of a fight on the high seas in which five Chinese, two white men and two negroes were slain aboard the sloop Mary Beatrice was told here today by one of the surviving Chinese.

The Mary Beatrice, a two-masted British Bahama sloop, was found off New York Bay without crew or captain and 13 Chinese aboard.

One of them, whose name is withheld, made a statement to immigration authorities today after the ship was found that he and his companions had paid \$500 apiece to be smuggled into the United States from Cuba. The skipper absconded with the money, the crew tried to mop up the Chinese, and in the ensuing battle the Chinese and negroes met their death.

Through an interpreter this Chinaman told how he with 19 companions embarked at Havana May 8. They were assured that they would be transported rapidly to American shores and landed without delay.

The 29 Chinese were packed aboard, together with the skipper, two white sailors and two blacks.

In addition to the Chinamen the skipper had a cargo of whiskey, according to the story told immigration officials.

June 6, after a very slow voyage the Mary Beatrice, by this time a veritable hell ship, arrived off New York Bay.

The skipper cruised up and down waiting for smuggling launches to come out and remove his shipment of "booze and Chinks."

Last Tuesday the skipper told the rest of the crew that he was going to depart. Food and water supplies had run low. He left revolvers and pistols, which later caused the death of the two whites and two blacks.

As the skipper rowed away in a small boat—and taking with the passage money—the crew conferred and then decided to hold up the passengers.

The Chinese refused to give up their money as demanded, and then the fight started. Most of the passengers were unarmed, but they scurried around and grabbed up such weapons as they could, finding pistols and rifles in the galley. The two whites and two negroes being drunk were firing their rifles and revolvers without doing much damage. When the crew finally exhausted their ammunition, the Chinese emerged from their hiding places and massacred them. When the battle was over, nine men, including five Chinese, were dead on the bloody deck.

During the time he had been missing he has lived in the haystack. The man, according to physicians who examined him, had but little food and had become so weak that he would have died within a short time had he not been discovered.

Fiery Cross Illuminates Red Wing Ku Klux Rite

Red Wing, June 14.—In a Wisconsin valley, seven miles from Red Wing, lighted by a huge burning cross, the symbol of the Ku Klux Klan, 100 candidates were initiated into the klan.

Officers who presided at the ceremony were hooded and garbed in klan regalia.

The initiation was conducted in orderly fashion and was witnessed at a distance by many motorists passing on a nearby road. The initiation was in charge of the Red Wing chapter of the klan.

ATTEMPT TO FLY ACROSS CONTINENT IN DAYLIGHT SPAN

(By United Press)
Washington, June 14.—Lieutenant Russell L. Maughan, speed king of the army air service, today hopped off from Bolling field here on a trial flight to map out the course of his coming attempt to fly across the continent in the span of daylight.

Maughan took off at 6:30 o'clock with his destination set as McCook Field, Dayton, Ohio. He is expected to arrive at McCook Field about 11 o'clock. Fair weather greeted him today, and he grasped the opportunity, the first in several days, during which time he has been waiting for favorable climatic conditions. Lieutenant Maughan flew alone without a mechanic.

"Dawn to Dark" Flight Survey

Dayton, O., June 14.—Russell Maughan, on a survey for his proposed "dawn to dark" flight across the country, arrived by airplane from Bolling Field shortly before noon today.

He had made one stop enroute at Moundsville, W. Va.

Lieutenant Maughan plans to hop off for St. Joseph, Mo., at 1:30 p. m. He has a dinner appointment in St. Joseph for 8 p. m. This is a distance of 570 miles.

BIG NARCOTIC RAID STAGED

AUTHORITIES ARREST TWO MEN AND SEIZE MORPHINE TABLETS

(By United Press)
Minneapolis, June 14.—In one of the biggest narcotic raids in the history of the Northwest, police and Federal agents today arrested two men and seized thousands of dollars worth of morphine tablets recently stolen from a Minneapolis hospital.

Authorities raided a loop department and found 35,000 of the tablets. The men arrested gave their names as Joseph Daugherty, 35, alias Joe Jampsen, and Elmer Christ, 23, alias Morris Christ.

The raid followed a tip that they were distributing dope to callers.

MISSING CROSBY MAN FOUND IN HAYSTACK

Crosby, Minn., June 14.—Ivon Glad, who has been missing since May 15th, was located by a road grading crew, living in a hay stack. The man, according to information obtained from him through an interpreter, dropped out of sight when he became fearful that three girls, whom he said lived in Ironton, were "after \$800" which he had in Superior, Wis., bank.

During the time he had been missing he has lived in the haystack. The man, according to physicians who examined him, had but little food and had become so weak that he would have died within a short time had he not been discovered.

Fiery Cross Illuminates

Red Wing Ku Klux Rite

Red Wing, June 14.—In a Wisconsin valley, seven miles from Red Wing, lighted by a huge burning cross, the symbol of the Ku Klux Klan, 100 candidates were initiated into the klan.

Officers who presided at the ceremony were hooded and garbed in klan regalia.

The initiation was conducted in orderly fashion and was witnessed at a distance by many motorists passing on a nearby road. The initiation was in charge of the Red Wing chapter of the klan.

WAR ON THE NEW REVOLUTIONARY REGIME WAGED

VARNA IS AN IMPORTANT STRATEGIC POINT ON BLACK SEA

STAMBOULISKY HAS AN AMBITIOUS PROGRAM, GIVEN OUT AT TRIEST

(By United Press)
Athens, June 14.—Bulgarian peasant forces loyal to ex-premier Stamboulisky stormed and occupied Varna, according to Sofia reports today.

The peasants, who are waging civil war against the new revolutionary regime, have the upper hand everywhere throughout northwestern Bulgaria, dispatches indicated.

Capture of Varna, an important port on the Black sea, is regarded as a highly important success for the counter-revolutionaries. Ex-premier Stamboulisky, alive and free at the head of his followers despite constant rumors of death and capture, is understood to have dispatched emissaries to Belgrade asking armed intervention by Jugo-Slavia on his behalf. It is rumored in Athens that the government at Belgrade is sympathetic to such intervention, reviving reports that Stamboulisky had prepared to assist in uniting Bulgaria with Jugo-Slavia.

Meanwhile, the Zankof forces are increasing their strength by enlistments that admittedly bring the government army above the limit set by the allies at Neuilly. Zankof troops have been active, and the arrest of former President of the Chamber Botef and of the brother of Stamboulisky is reported. They have not yet captured the fleeing ex-premier himself, although it is feared that he is closely pressed.

Triest, June 14.—Stamboulisky and his army of peasants will attempt to oust King Boris and declare a republic as soon as they capture Sofia, the capitol.

Passengers on the Orient Express, which arrived here today, said that members of the former premier's army boarded their train as it traversed Bulgaria and shouted, "On to Sofia!" The peasants announced their intention of overthrowing the king and making Stamboulisky president.

King Boris is understood to have supported the revolution whereby Stamboulisky and his peasant government were rejected from power.

MARKET REPORT

(By United Press)

South St. Paul Livestock

South St. Paul, June 14.—Estimated receipts at the union stockyards today: Cattle, 1,400; calves, 1,600; hogs, 5,000; sheep, 100; cars, 173. Cattle—Beef steers, \$4.50 to \$10.50; cows and heifers, \$3.75 to \$9.50; canners and cutters, \$2.25 to \$3.50; butcher bulls, \$3.50 to \$4.25; veal calves, \$4 to \$9; stock feeding steers, \$4 to \$7.50. Hogs—\$5 to \$6.50. Sheep—Lambs, \$7.50 to \$13.50; ewes, \$1 to \$5.50; wethers, \$4.50 to \$7.50; yearlings, \$7.50 to \$11.50; bucks, \$2 to \$3.

Minneapolis Cash Grain

Wheat—No. 1 Dark Northern \$1.14% to \$1.35%; to arrive, \$1.14%. No. 1 Northern, \$1.12% to \$1.22%; to arrive, \$1.12%. Corn—No. 3 Yellow, 75% c to 77% c; to arrive, 77% c. Oats—No. 3 White, 39% c to 40% c; to arrive, 38% c. Barley—Choice, 57c to 59c. Rye—No. 1, 66% c to 67% c; to arrive, 66% c. Flaxseed—Fancy, \$2.90; to arrive, \$2.89.

St. Paul Hay Market

LIFE PROLONGED THROUGH EM-
PIRICAL MEDICINE, SANI-
TARY SCIENCE

Chicago, June 14.—Medical science has lengthened the span of human life sixteen years in the last half century, Dean A. C. Eycleshymer, of Illinois university medical college, told graduating classes in the general medical college today.

Dean Eycleshymer said that a comparison of organic changes in man and in animals and the relations of changes in the "average human life indicate that "we should become centenarians—live to be 100 years old."

Medical science is "today having a 'gland jag' which will not long hence, be placed in the same category with a 'corn whiskey jag,' he said, and that the real secret of long life is not to be found in a set of fixed rules, but that life is being prolonged through empirical medicine and sanitary science."

"The lengthening of the average human life since 1875 has been possible through search of science for the 'elixir' of life," the dean asserted. He also believes that the knowledge of human life is far from being complete.

"There is much for future generations to accomplish in ascertaining the functions of some of the little known glands of the body," he said. "Around the sexual glands have centered all the zones of power and some experimentation. Our best deductions are that physical activity is at its height while these glands are most active, and activity declines as these glands become less active."

The experiments of Steinhilber Veronoff and others indicate that transplantation of active glands temporarily rejuvenates and that a wave of gland transplanting is sweeping the country, fabulous prices being paid for the materials and operations.

"One would not go far afield in predicting that the day is not far distant when the gland will be placed in the same category with the 'corn whiskey jag.'"

WEATHER MAN SMILES WITH FAVOR ON CROW WING COUNTY FARM BUREAU PICNIC TODAY; LARGE CROWDS PRESENT

The weather man smiled with favor on Crow Wing county's farm bureau picnic in session at the Herman Thellin farm near Crosby Thursday.

A clear sky and a moderate temperature brought an exceptionally large attendance from all sections of the county.

Brainerd business houses were closed all day, the merchants and clerks observing their annual picnic with the farm bureau. Banks closed at one o'clock in the afternoon. From the deserted appearance of the city, it is felt that a large number from Brainerd attended the festivities.

The program started with a picnic dinner at noon, followed by a band concert by the Crosby band.

STRANGE TALE OF A FIGHT ON HIGH SEAS IS RELATED

5 CHINESE, 2 WHITE MEN AND 2
NEGROES SLAIN ABOARD
SLOOP

TWO MASTER FOUND OFF NEW
YORK BAY, MINUS CREW
AND CAPTAIN

(By United Press)
New York, June 14.—A strange story of a fight on the high seas in which five Chinese, two white men and two negroes were slain aboard the sloop Mary Beatrice was told here today by one of the surviving Chinese.

The Mary Beatrice, a two-masted British Bahama sloop, was found off New York Bay without crew or captain and 13 Chinese aboard.

One of them, whose name is withheld, made a statement to immigration authorities today after the ship was found that he and his companions had paid \$500 apiece to be smuggled into the United States from Cuba. The skipper absconded with the money, the crew tried to mop up the Chinese, and in the ensuing battle the Chinese and negroes met their death.

Through an interpreter this Chinaman told how he with 19 companions embarked at Havana May 8. They were assured that they would be transported rapidly to American shores and landed without delay.

The 29 Chinese were packed aboard, together with the skipper, two white sailors and two blacks.

In addition to the Chinamen the skipper had a cargo of whiskey, according to the story told immigration officials.

June 6, after a very slow voyage the Mary Beatrice, by this time a veritable hell ship, arrived off New York Bay.

The skipper cruised up and down waiting for smuggling launches to come out and remove his shipment of "booze and Chinks."

Last Tuesday the skipper told the rest of the crew that he was going to depart. Food and water supplies had run low. He left revolvers and pistols, which later caused the death of the two whites and two blacks.

As the skipper rowed away in a small boat—and taking with the passage money—the crew conferred and then decided to hold up the passengers.

The Chinese refused to give up their money as demanded, and then the fight started. Most of the passengers were unarmed, but they scurried around and grabbed up such weapons as they could, finding pistols and rifles in the galley. The two whites and two negroes being drunk were firing their rifles and revolvers without doing much damage. When the crew finally exhausted their ammunition, the Chinese emerged from their hiding places and massacred them. When the battle was over, nine men, including five Chinese, were dead on the bloody deck.

ATTEMPT TO FLY ACROSS CONTINENT IN DAYLIGHT SPAN

(By United Press)
Washington, June 14.—Lieutenant Russell L. Maughan, speed king of the army air service, today hopped off from Bolling field here on a trial flight to map out the course of his coming attempt to fly across the continent in the span of daylight.

Maughan took off at 6:30 o'clock with his destination set as McCook Field, Dayton, Ohio. He is expected to arrive at McCook Field about 11 o'clock. Fair weather greeted him today, and he grasped the opportunity, the first in several days, during which time he has been waiting for favorable climatic conditions. Lieutenant Maughan flew alone without a mechanic.

"Dawn to Dark" Flight Survey

Dayton, O., June 14.—Russell Maughan, on a survey for his proposed "dawn to dark" flight across the country, arrived by airplane from Bolling Field shortly before noon today.

He had made one stop enroute at Moundsville, W. Va.

Lieutenant Maughan plans to hop off for St. Joseph, Mo., at 1:30 p. m. He has a dinner appointment in St. Joseph for 8 p. m. This is a distance of 570 miles.

BIG NARCOTIC RAID STAGED

AUTHORITIES ARREST TWO MEN
AND SEIZE MORPHINE
TABLETS

(By United Press)
Minneapolis, June 14.—In one of the biggest narcotic raids in the history of the Northwest, police and Federal agents today arrested two men and seized thousands of dollars worth of morphine tablets recently stolen from a Minneapolis hospital.

Authorities raided a loop department and found 35,000 of the tablets. The men arrested gave their names as Joseph Daugherty, 35, alias Joe Jampsen, and Elmer Christ, 23, alias Morris Christ.

The raid followed a tip that they were distributing dope to callers.

MISSING CROSBY MAN FOUND IN HAYSTACK

Crosby, Minn., June 14.—Ivon Glad, who has been missing since May 15th, was located by a road grading crew, living in a haystack. The man, according to information obtained from him through an interpreter, dropped out of sight when he became fearful that three girls, whom he said lived in Ironton, were "after \$800" which he had in Superior, Wis., bank.

During the time he had been missing he has lived in the haystack. The man, according to physicians who examined him, had but little food and had become so weak that he would have died within a short time had he not been discovered.

Fiery Cross Illuminates Red Wing Ku Klux Rite

Red Wing, June 14.—In a Wisconsin valley, seven miles from Red Wing, lighted by a huge burning cross, the symbol of the Ku Klux Klan, 100 candidates were initiated into the Klan.

Officers who presided at the ceremony were hooded and garbed in Klan regalia.

The initiation was conducted in orderly fashion and was witnessed at a distance by many motorists passing on a nearby road. The initiation was in charge of the Red Wing chapter of the Klan.

WAR ON THE NEW REVOLUTIONARY REGIME WAGED

VARNA IS AN IMPORTANT STRA-
TEGIC POINT ON BLACK
SEA

STAMBOULISKY HAS AN AMBI-
TIOUS PROGRAM, GIVEN OUT
AT TRIEST

(By United Press)
Athens, June 14.—Bulgarian peasant forces loyal to ex-premier Stamboulisky stormed and occupied Varna, according to Sofia reports today.

The peasants, who are waging civil war against the new revolutionary regime, have the upper hand everywhere throughout northwestern Bulgaria, dispatches indicated.

Capture of Varna, an important port on the Black sea, is regarded as a highly important success for the counter-revolutionaries. Ex-premier Stamboulisky, alive and free at the head of his followers despite constant rumors of death and capture, is understood to have dispatched emissaries to Belgrade asking armed intervention by Jugo-Slavia on his behalf. It is rumored in Athens that the government at Belgrade is sympathetic to such intervention, reviving reports that Stamboulisky had prepared to assist in uniting Bulgaria with Jugo-Slavia.

Meanwhile, the Zankof forces are increasing their strength by enlistments that admittedly bring the government army above the limit set by the allies at Neuilly.

Zankof troops have been active, and the arrest of former President of the Chamber of Deputies and of the brother of Stamboulisky is reported. They have not yet captured the fleeing ex-premier himself, although it is feared that he is closely pressed.

Triest, June 14.—Stamboulisky and his army of peasants will attempt to oust King Boris and declare a republic as soon as they capture Sofia, the capitol.

Passengers on the Orient Express, which arrived here today, said that members of the former premier's army boarded their train as it traversed Bulgaria and shouted, "On to Sofia!" The peasants announced their intention of overthrowing the king and making Stamboulisky president.

King Boris is understood to have supported the revolution whereby Stamboulisky and his peasant government were rejected from power.

MARKET REPORT

(By United Press)
South St. Paul, June 14.—Estimated receipts at the union stockyards today: Cattle, 1,400; calves, 1,600; hogs, 5,000; sheep, 100; cars, 173.

A Better Machine

This machine has more points of real merit than any washing machine on the market.

It is beautiful in appearance, simple, safe and economical in its operation.

These Points Make

The Maytag Gyrafoam Washer Stand Above All Others

Washing Capacity 50 pounds of family clothes per hour. It is made entirely of metal, with a cast aluminum tub, which cannot warp, rust, rot, swell, split or corrode.

It is not a dolly, cylinder, vacuum or oscillator; the action of the water is produced by a startling new principle, which actually washes faster and cleaner than by any other principle.

The machine can be adjusted to any height; and has extra heavy castors permitting it to be easily moved.

Will wash faster, cleaner, and more efficiently than any other machine, due to the gyrafator which is in the bottom of the tub.

All working parts carefully inclosed.

Convenience of instant control.

Simplicity of operation.

ANNUAL PICNIC

Most Successful Affair With Good Attendance Held at Lum Park Tuesday

SMILING, HAPPY FACES RULE

Day Was an Ideal One, Program of Sports Was Hotly Contested

The annual picnic of St. Paul's Episcopal Sunday school at Lum Park on Tuesday was a very successful affair, if good attendance and smiling happy faces are the measure of success.

The day was ideal for such a purpose, and what with the excellent facilities provided at the park, and the fine dinner prepared by the friends of the organization, everybody was in the best of spirit, and enjoyed a grand good time.

Many of the children went in bathing, and later in the day a short program of events was carried out, the winners being as follows:

Winners of Contests

Boys free for all race—1st, Dale Sanders; 2nd, John Evans.

2nd age boys race—1st, John Chadbourne; 2nd, Kenneth Merrill.

3rd age boys race—1st, Zane

Smith; 2nd, Richard Ebert.

Smaller boys race—1st, Harry Templeton; 2nd, Clifton Richards. Girls race—1st, Geraldine Anderson; 2nd, Nelrae Gillette.

Little folks free for all race—1st, George King; 2nd, George Bahr. Girls free for all race—1st, Madeline Walenta; 2nd, Katherine Stein. Boys sack race—1st, James Richards; 2nd, Zane Smith.

Smaller girls race—1st, Betty Cocks; 2nd, Genevieve Davis.

Obstacle race—1st, Katherine Stein; 2nd, James Richards.

A goodly number of youthful spirited older people were present to enliven the occasion. Thanks are due to all who contributed either of time or supplies, or use of autos, aiding the officers and members by mutual helpfulness in making the day one more to be remembered in the history of St. Paul's Sunday school of Brainerd.

Shower for June Brides

Miss Marie Grimes entertained 49 guests at her home in Fort Ripley on Tuesday evening June 12th in honor of the Misses Gertrude Tucker and Marjorie Grimes, June brides-to-be.

The spacious rooms were beautifully decorated in wild rose and ferns and a splendid program was enjoyed by all. A special feature was the readings and fancy toe dancing given by little Iva Gaskill of Brainerd. All were loud in their applause of this charming child dancer. A mock

wedding complete in every detail and then the opening of the gift boxes by the brides, the gifts being numerous and beautiful.

A dainty lunch was then served by Mrs. Grimes and assisted by Mrs. Kramer after which the guests left Friday afternoon. All members are leaving the very best wishes for the future happiness of these two popu-

lar young ladies who are both well and favorably known.

Missionary Circle

The Missionary Circle of the First Baptist church will meet with Mrs. Arthur C. Smith, 611 Holly street on Friday afternoon. All members are urged to be present. Visitors are always welcome.

THURSDAY, JUNE 14, 1923

A FOUR-CORNERED FIGHT

It is rumored that Henry Ford has said that he will run independently in the 1924 election. This rumor has it that even though there are three parties in the field the millionaire automobile manufacturer will run against the field, unattached to any party and without affiliation with any interest.

If this rumor proves to be true, and Henry Ford enters the contest, the choice of a president will in all probability be thrown into the house of representatives where all kinds of influences will be brought to bear upon congressmen who will decide the issue.

It will be unfortunate if the automobile manufacturer's hatred of Wall street causes a disturbance in American affairs that may result in the election of a minority president who may be pledged to a program that is not satisfactory to the majority of the people. Given a radical congress, a candidate of the La Follette type might be chosen, or a conservative who had but a minority of the popular vote might be the choice of congressmen.

There is no reason to believe that because Henry Ford has made a great success of the Ford Motor company he would make an able president. He has been at the head of the Ford Motor company, and there his word was law, but as president of the United States he would be in an executive position in which he would be required to do the will of congress, the legislative branch of the government. Henry Ford is so arbitrary that there would not be a very successful administration because of a continuous conflict between the legislative and executive branches of the government.

What is known of Henry Ford, outside of the achievement of the Ford Motor company, should not predispose people to think that he has the qualifications needed in a president. A man who told the world that his peace ship would so influence the peoples of Europe that the boys would be out of the trenches by Christmas, who boasts that he knows little or nothing of history, and who would willfully seek to change the money system of the present for an untried and unpromising plan that may be as useless as the peace ship is without the judgment needed in a candidate for the highest office within the gift of the American people.

It is to be hoped that this is but a rumor and that Henry Ford will advise the country a little later that he can find full play for his proved ability as an executive within the organization of the Ford Motor company. Americans are proud of the achievement of Henry Ford. They point to him as an example of what a man may do who starts out to give the public a square deal, and there are very many who would conclude that what he has done in Detroit he could do in Washington. These fail to see that he can do what he likes with the Ford Motor company while he could not fire congress because congressmen did not do what he wished.

Henry Ford has profoundly affected industrial life in America and he can do more for his country by exercising his talents in his own field than he could possibly accomplish by attempting to run America according to his dreams.

MEETING THE NEEDS OF YOUTH

WHETHER it is through the Y. M. C. A. or through some other organization the needs of the youth of Brainerd should be met. Every once in a while the community is shocked by the story of the downfall of some youth. At such times regrets are expressed, and quite often, while there is sympathy for the parents, there is censure for the youth. It is forgotten that men have agreed to take any boy and train him and guarantee that after training he would turn out all right.

Environment is the most important influence in life and heredity does not count for so very much. The German people were disposed to allow militarists to control their destiny, after a couple of generations had been taught to consider such control a matter of course.

Brainerd is responsible for its youth. Brainerd is shaping the character of its youth and the character of youth is affected by associates and associations. The age in which we are living is one in which it is none too easy for the boy to go straight and every effort ought to be made by the community to provide for his athletic and social needs in such a way that these will minister to the best development of character.

There are certain things that may be said against the present Y. M. C. A. building. It is not adequate, it is not practical, it is not modern. It is nothing more than a substitute but just because it is a substitute it should be kept open until something better is found to take its place.

Perhaps the best thing that could possibly be done would be for the city to get behind the plan suggested by the American Legion and back the erection of a memorial building designed in such a way that it would serve as an auditorium and afford every facility for athletic and social expression. Such a building would serve the whole community and would not be controlled by any faction, party, interest or creed, but would be under the direction of the city council.

Just at this time such proposals must be delayed possibly, but when the city has gained its normalcy or better, and the refund from the gross earnings tax has reduced the per capita taxation, an ambitious scheme should be considered by the people of Brainerd in the interests of Brainerd's youth.

At present the Y. M. C. A. is the only building that may be used by youth, and unsatisfactory though it may be, it should be retained as a substitute until something better is provided to take its place.

MINNEAPOLIS TO BUILD AUDITORIUM

AFTER a great deal of discussion the people of Minneapolis have voted to build an auditorium at a cost of \$3,000,000. This building is badly needed in a city so favorably located that it might attract many national conventions which in the past have been compelled to choose other cities having accommodation for the delegates.

The whole of the state of Minnesota will reap an advantage through the erection of this building. Attracting national con-

ventions to Minneapolis will advertise the state of Minnesota to those who attend such gatherings. Conventions held in the summer are often used as a vacation, and many who attend them do not confine themselves to the duration of the convention but take extra time to see the surrounding territory. Many will come to Minneapolis, and after attending the sessions of the convention to which they are delegates, will travel north to see the beauty of the Ten Thousand Lakes region. This will bring them into the lake district to which Brainerd is the gateway.

What has been done by Minneapolis may well be considered by the people of Brainerd. This city will not think of building an auditorium large enough to house national conventions, but it might well consider building an auditorium sufficiently large to accommodate any of the organizations within Minnesota in their state gatherings. Minneapolis sees the importance of accommodating national conventions, and Brainerd in time will realize the need of preparing to meet the demands of state conventions.

A city as large as Minneapolis needs to advertise nationally, and while a city of the size of Brainerd cannot expect such accommodations as Minneapolis contemplates, this city can build an auditorium large enough to meet the needs of the organizations in this state.

The life of Brainerd would be stimulated and inspired by the touch of people coming in in large numbers from the outside. Conventions bring able speakers, and most of these are seeking to advance the best interests of the state and nation and something of their emphasis passes over to the community in which such gatherings are held. Brainerd will never be as satisfactorily advertised as it might be until an auditorium is built which will accommodate conventions of societies within the state.

MINNESOTA will get \$3,000,000 annually from the Tonnage tax and there is \$5,000,000 now due. The United States supreme court hasn't done so badly by Minnesota.

MAYOR GEORGE E. LEACH of Minneapolis isn't acceptable to either extreme in that city but somebody votes for him on election day.

AMERICANS are becoming a people with maritime interests since the passing of the eighteenth amendment.

TURKEY has many friends at the present time. Turkey is rich and friendship is worth cultivating.

WHAT'S the use of worrying over next winter's coal bill. Worrying over the last one didn't pay it.

BRAINERD'S bathing beach has been officially opened and the summer season is on in full swing.

BRAINERD has a band that was and a band that is to be but is without a band that is.

THE Balkans are the scene of conflicts once more, in spite of the League of Nations.

NORTHWESTERN BAPTISTS

63rd Annual Meeting of Association
at Laporte June
18th to 20th

The 63rd annual meeting of the Northwestern Baptist Association will be held in Laporte, Minn., beginning Monday evening, June 18th, and continuing until Wednesday, June 20th.

A fine program has been prepared on which several local speakers are to appear. It is hoped that many members of the local Baptist church will be present. Rev. C. S. Marston, of Laporte will be moderator and Rev. Arthur C. Smith of Brainerd, clerk.

Brainerd people who will participate in the various sessions include Rev. and Mrs. R. E. Cody, Rev. Smith and George A. Tracy. Rev. Smith will open the meeting on Monday night with a song and devotional

service. The special music for this evening will be in charge of Mrs. R. E. Cody.

WILL ROGERS

'The
HEADLESS
HORSEMAN'

Adapted from
WASHINGTON IRVING'S
LEGEND OF SLEEPY HOLLOW

You will laugh until you cry at
Will Rogers in this one.

He Held the World

Spellbound at his feet while from his sensitive finger-tips came harmonies that brought the plaudits of the multitude. Monarchs fawned upon him. He won a beautiful girl's wondrous soul. A universe was his. And then—Silence! Despair! Hopelessness! The world forgot. The girl shrank from him. Fate told of affliction greater than his own. Then began the game of playing God. Came peace, joy, a new love, a new, more kindly world.

THURSDAY, JUNE 14, 1923

A FOUR-CORNERED FIGHT

It is rumored that Henry Ford has said that he will run independently in the 1924 election. This rumor has it that even though there are three parties in the field the millionaire automobile manufacturer will run against the field, unattached to any party and without affiliation with any interest.

If this rumor proves to be true, and Henry Ford enters the contest, the choice of a president will in all probability be thrown into the house of representatives where all kinds of influences will be brought to bear upon congressmen who will decide the issue.

It will be unfortunate if the automobile manufacturer's hatred of Wall street causes a disturbance in American affairs that may result in the election of a minority president who may be pledged to a program that is not satisfactory to the majority of the people. Given a radical congress, a candidate of the La Follette type might be chosen, or a conservative who had but a minority of the popular vote might be the choice of congressmen.

There is no reason to believe that because Henry Ford has made a great success of the Ford Motor company he would make an able president. He has been at the head of the Ford Motor company, and there his word was law, but as president of the United States he would be in an executive position in which he would be required to do the will of congress, the legislative branch of the government. Henry Ford is so arbitrary that there would not be a very successful administration because of a continuous conflict between the legislative and executive branches of the government.

What is known of Henry Ford, outside of the achievement of the Ford Motor company, should not predispose people to think that he has the qualifications needed in a president. A man who told the world that his peace ship would influence the peoples of Europe that the boys would be out of the trenches by Christmas, who boasts that he knows little or nothing of history, and who would wilfully seek to change the money system of the present for an untried and unpromising plan that may be as useless as the peace ship is without the judgment needed in a candidate for the highest office within the gift of the American people.

It is to be hoped that this is but a rumor and that Henry Ford will advise the country a little later that he can find full play for his proved ability as an executive within the organization of the Ford Motor company. Americans are proud of the achievement of Henry Ford. They point to him as an example of what a man may do who starts out to give the public a square deal, and there are very many who would conclude that what he has done in Detroit he could do in Washington. These fail to see that he can do what he likes with the Ford Motor company while he could not fire congress because congressmen did not do what he wished.

Henry Ford has profoundly affected industrial life in America and he can do more for his country by exercising his talents in his own field than he could possibly accomplish by attempting to run America according to his dreams.

MEETING THE NEEDS OF YOUTH

WHETHER it is through the Y. M. C. A. or through some other organization the needs of the youth of Brainerd should be met. Every once in a while the community is shocked by the story of the downfall of some youth. At such times regrets are expressed, and quite often, while there is sympathy for the parents, there is censure for the youth. It is forgotten that men have agreed to take any boy and train him and guarantee that after training he would turn out all right.

Environment is the most important influence in life and heredity does not count for so very much. The German people were disposed to allow militarists to control their destiny, after a couple of generations had been taught to consider such control a matter of course.

Brainerd is responsible for its youth. Brainerd is shaping the character of its youth and the character of youth is affected by associates and associations. The age in which we are living is one in which it is none too easy for the boy to go straight and every effort ought to be made by the community to provide for his athletic and social needs in such a way that these will minister to the best development of character.

There are certain things that may be said against the present Y. M. C. A. building. It is not adequate, it is not practical, it is not modern. It is nothing more than a substitute but just because it is a substitute it should be kept open until something better is found to take its place.

Perhaps the best thing that could possibly be done would be for the city to get behind the plan suggested by the American Legion and back the erection of a memorial building designed in such a way that it would serve as an auditorium and afford every facility for athletic and social expression. Such a building would serve the whole community and would not be controlled by any faction, party, interest or creed, but would be under the direction of the city council.

Just at this time such proposals must be delayed possibly, but when the city has gained its normalcy or better, and the refund from the gross earnings tax has reduced the per capita taxation, an ambitious scheme should be considered by the people of Brainerd in the interests of Brainerd's youth.

At present the Y. M. C. A. is the only building that may be used by youth, and unsatisfactory though it may be, it should be retained as a substitute until something better is provided to take its place.

MINNEAPOLIS TO BUILD AUDITORIUM

AFTER a great deal of discussion the people of Minneapolis have voted to build an auditorium at a cost of \$3,000,000. This building is badly needed in a city so favorably located that it might attract many national conventions which in the past have been compelled to choose other cities having accommodation for the delegates.

The whole of the state of Minnesota will reap an advantage through the erection of this building. Attracting national con-

ventions to Minneapolis will advertise the state of Minnesota to those who attend such gatherings. Conventions held in the summer are often used as a vacation and many who attend them do not confine themselves to the duration of the convention but take extra time to see the surrounding territory. Many will come to Minneapolis, and after attending the sessions of the convention to which they are delegates, will travel north to see the beauty of the Ten Thousand Lakes region. This will bring them into the lake district to which Brainerd is the gateway.

What has been done by Minneapolis may well be considered by the people of Brainerd. This city will not think of building an auditorium large enough to house national conventions, but it might well consider building an auditorium sufficiently large to accommodate any of the organizations within Minnesota in their state gatherings. Minneapolis sees the importance of accommodating national conventions, and Brainerd in time will realize the need of preparing to meet the demands of state conventions.

A city as large as Minneapolis needs to advertise nationally, and while a city of the size of Brainerd cannot expect such accommodations as Minneapolis contemplates, this city can build an auditorium large enough to meet the needs of the organizations in this state.

The life of Brainerd would be stimulated and inspired by the touch of people coming in large numbers from the outside. Conventions bring able speakers, and most of these are seeking to advance the best interests of the state and nation and something of their emphasis passes over to the community in which such gatherings are held. Brainerd will never be as satisfactorily advertised as it might be until an auditorium is built which will accommodate conventions of societies within the state.

MINNESOTA will get \$3,000,000 annually from the Tonnage tax and there is \$5,000,000 now due. The United States supreme court hasn't done so badly by Minnesota.

MAYOR GEORGE E. LEACH of Minneapolis isn't acceptable to either extreme in that city but somebody votes for him on election day.

AMERICANS are becoming a people with maritime interests since the passing of the eighteenth amendment.

TURKEY has many friends at the present time. Turkey is rich and friendship is worth cultivating.

WHAT'S the use of worrying over next winter's coal bill. Worrying over the last one didn't pay it.

BRAINERD'S bathing beach has been officially opened and the summer season is on in full swing.

BRAINERD has a band that was and a band that is to be but is without a band that is.

THE Balkans are the scene of conflicts once more, in spite of the League of Nations.

NORTHWESTERN BAPTISTS

63rd Annual Meeting of Association at Laporte June 18th to 20th

The 63rd annual meeting of the Northwestern Baptist Association will be held in Laporte, Minn., beginning Monday evening, June 18th, and continuing until Wednesday, June 20th.

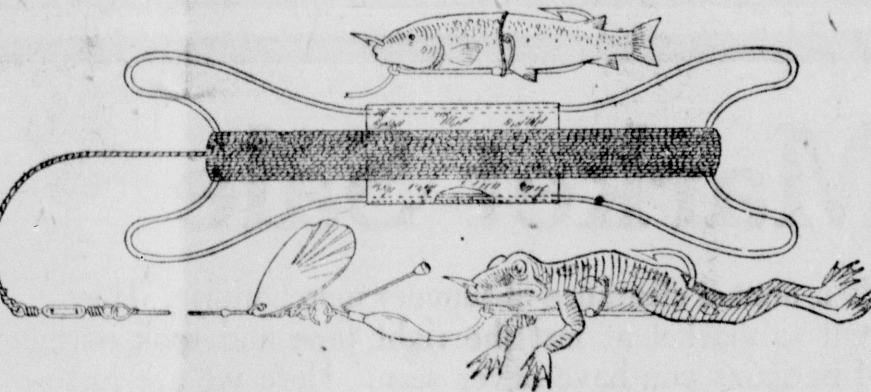

A fine program has been prepared on which several local speakers are to appear. It is hoped that many members of the local Baptist church will be present. Rev. C. S. Marston, of Laporte will be moderator and Rev. Arthur C. Smith of Brainerd, clerk.

Brainerd people who will participate in the various sessions include Rev. and Mrs. R. E. Cody, Rev. Smith and George A. Tracy. Rev. Smith will open the meeting on Monday night with a song and devotional service. The special music for this evening will be in charge of Mrs. R. E. Cody.

This leaves a total of \$444.70.

Old City of Magenta.

Before it was designated a color,
magenta was—and still is—the name
of a city in Italy. The red aniline dye
was first produced in the Italian city,
or obtained its name from the
city in the country of vivid colors.
At Magenta, which is 24 miles
northwest of Pavia, a great battle was
fought, in 1850, in which the Austrians
were defeated by the combined French
and Sardinians.

Metal Long in Use.

Tin is found in the East Indies, Bo-
livia and Cornwall; in cassiterite or
tin-stone, a compound of tin and oxy-
gen. Tin was known to the ancients.
It has been found in Egyptian tombs.

Consoling Thought.

We all make mistakes, but thank
goodness the other fellow's always
looks worse to us than our own.

No remedy
can cure all ail-
ments of the hu-
man body, but
an immense
number of peo-
ple suffer from
aches, pains and dis-
ease symptoms when their
real trouble is lack of iron
in the blood. It is the iron
in your blood that enables
you to get the nourishment
out of your food. Without
iron your food merely
passes through you with-
out doing you any good; you
don't get the strength out
of it. There is one univer-
sally known tonic that has
helped thousands because
it contains iron like the iron
in fresh vegetables and
like the iron in your blood.

NUXATED IRON

is an eminent physician's

FORMAL OPENING OF LUM PARK

Brainerd People Responded in Good Measure to Invitation to Attend

LARGE CROWDS GATHERED
Bathing Beach Swarmed With Bathers Who Enjoyed New Equipment

Brainerd people responded in good measure to the invitation to attend the formal opening of Lum park's 1923 season Tuesday evening.

Large crowds gathered early, many bringing their suppers, thereby taking advantage of the picnic grounds of the park. The bathing beach fairly swarmed with devotees of aquatic sports, who enjoyed the new equipment placed for their benefit.

The park board has been generous in placing plenty of opportunities for amusements at Lum park. Playground devices have been installed for the kiddies, more bath house accommodations, with additional bathing suits and towels, and a fleet of boats placed on the lake. Refreshments are always to be had at the pavilion.

The crowning feature of the opening night was the dance, music for which was furnished by the already Julewood orchestra. The floor of the pavilion was taxed to its limit to accommodate all who wished to "trip the light fantastic" to their music. Tom Wood varied the program by singing a number of his popular songs.

Lum park bids fair to enjoy a greater popularity this season than has ever been known in other years. It is planned to put on a public dance each Wednesday evening. Private parties and picnics will be encouraged by the board. Excellent order is maintained at all times, a special police being in charge of public dances.

CONDITION IMPROVED

F. Fairo Has Not Yet Regained Consciousness, Dave Deloney Getting Along Well

The condition of the victims in Monday evening's automobile accident is a little improved, according to information given out at St. Joseph hospital Thursday morning.

While F. Fairo has not as yet regained consciousness, still there is

an improvement in his condition, which is more hope than has been held out at any other time.

Dave Deloney is getting along as well as can be expected, it is stated, and has about an even chance. The baby, a little over a year old, shows marked improvement today, and it is felt, has good chances for recovery.

DO YOU FEEL TIRED AFTER EATING?

A tired, nervous feeling may be a sign of poisons in your system which prevent proper digestion. Food turns into more poison and gas, making you nervous and weak. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels poisons and gas from BOTH upper and lower bowel. Removes old matter you never thought was in your system which poisoned stomach and made you tired and nervous. Adlerika is EXCELLENT to guard against appendicitis. Johnson's Pharmacy.

BOARD WILL NOT CLOSE THE 'Y'

On Wednesday Evening Board So
Rescinded Action Taken At a
Former Meeting

CITIZENS AT MASS MEETING

George E. Lowe Acted as Chairman
and Walter E. Paul Secretary
of Same

The board of directors of the Brainerd Y. M. C. A. rescinded its action of last week in which it voted to close the association because of a lack of funds with which to carry on the work.

This change in plans was made at an executive meeting of the board following the mass meeting of citizens Wednesday evening, in which it was the unanimous sentiment of all present that the building be kept open and the work continued.

George E. Lowe, president of the board, acted as chairman of the mass meeting, and Walter E. Paul as secretary. About thirty citizens of the city showed their interest in the fate of the Y. M. C. A. by being present at this gathering and voicing their sentiments. Only two ladies were included in that number.

R. C. Coffin, state secretary of the Y. M. C. A., with headquarters in Minneapolis, was in the city to look over the situation, and gave a very good address at the mass meeting.

The speaker reviewed the ideals of the association since its inception, referring to it as both an institution and a movement. From the latter angle it has a three-fold program: the growth of the individual spiritually, mentally, socially and physically.

Mr. Coffin expressed his fears of the results of closing the local building, even for a short time, and stated that some plans should be made for tiding the organization over the summer months and attacking the situation with renewed efforts when autumn arrives.

The financial situations in other towns were reviewed by the state secretary, in which it was pointed out that many associations have pulled out of more serious troubles in this respect than the one Brainerd is facing.

"People should not expect the Y. M. C. A. to be self-supporting," said Mr. Coffin. "It is not a healthy con-

dition, because folks will not have the interest in its success that they would have if they made an investment in it every year."

The activities carried on in the association's building is not the only phase which should be considered. Mr. Coffin pointed out that while this side of the work is absolutely essential, still there is much outside work to be done, and the larger the program that is carried out, the greater will be the interest aroused in the community.

The fact was emphasized that there is a great field in Brainerd among the boys and young men, for work which will exert a decided influence upon their lives, and the speaker stated that he has hopes of assisting in working out such a program, which would include an adequate building, equipment, etc., to be worthy of the work, the association and the city of Brainerd. This, he stated, may be possible in the near future, for he promised a greater cooperation from the state department than in the past.

Many were the expressions of those in attendance at the meeting, all voicing the same thought, namely, that it would be nothing short of a calamity, both to the Y. M. C. A. and to the city, to close the doors of the association at this or any other time. A number of the young men were loud in their appeal that the building be kept open and in use.

The local secretary, Dan Lawrence, made a report of the financial condition of the organization, stating that he had been able to keep the expenses well below the two hundred dollar per month limit, in fact, the cost of operations has never exceeded \$180 per month, he said.

On the other hand, Mr. Lawrence reported that the income from membership is about \$141 monthly, from the renting of rooms, \$10 and from baths, \$15, per month.

Mr. Coffin spoke of the need of adequate facilities for taking care of the older members of the association, with physical training classes for the business men, etc. This branch of the work is meeting with much enthusiasm among the men of other cities, and has become an important department in most of the Y. M. C. A's.

After the matter had been thoroughly discussed, a motion was carried unanimously that the directors be asked to keep the building open and make plans for more adequate quarters in the future.

The board of directors met immediately after the mass meeting.

and rescinded their action to close the association, in accordance with the motion made at the meeting earlier in the evening. They also gave Secretary Lawrence a two months leave of absence, effective July 1st, and appointed a committee of three to make plans for supervising the building during the summer months. This committee is composed of George Lowe, chairman, George Tracy and Walter E. Paul.

Mr. Lawrence also tendered his resignation, to take effect at such time as the board sees fit to act upon it.

It. In taking this action, he is in harmony with all secretaries throughout the country, whereby, all such officials past 60 years of age are retired.

A fund has just become operative in the past year for pensioning the secretaries at the age of 60. The international association has passed a resolution whereby all of its secretaries are automatically retired at that age.

One of the purposes of this action is to keep the movement more distinctly a young men's movement. The

retiring fund covers only a portion of the secretary's previous salary and is scaled according to his previous income and the number of years that he has been in such service.

The local board of directors feel very appreciative of the untiring efforts of Secretary Lawrence during the twelve years of his tenure of office with the Brainerd association, and the young men who have been the recipients of his help are loud in their praise of the secretary, and regret his resignation.

A motion was also passed at the

board meeting, authorizing the president to appoint a committee to begin working on plans for the future, looking toward a new and adequate Y. M. C. A. building for Brainerd. This committee has not as yet been appointed.

Secretary Coffin expressed himself as feeling that the time has arrived when Brainerd should have a building that is really a credit to the city as well as to the association, and more nearly in harmony with the development of the city in other

With the enlarged program which it is planned to inaugurate, it is hoped that the Northern Pacific Railway Company will see fit to increase its support to the local association, said Mr. Coffin, who stated that he expects to keep in close touch with the local situation, and will do all in his power to assist in any plans which are made to further the growth of the Y. M. C. A. in Brainerd.

BOARD WILL NOT CLOSE THE 'Y'

On Wednesday Evening Board So
Rescinded Action Taken At a
Former Meeting

CITIZENS AT MASS MEETING

George E. Lowe Acted as Chairman
and Walter E. Paul Secretary
of Same

The board of directors of the Brainerd Y. M. C. A. rescinded its action of last week in which it voted to close the association because of a lack of funds with which to carry on the work.

This change in plans was made at an executive meeting of the board following the mass meeting of citizens Wednesday evening, in which it was the unanimous sentiment of all present that the building be kept open and the work continued.

George E. Lowe, president of the board, acted as chairman of the mass meeting, and Walter E. Paul as secretary. About thirty citizens of the city showed their interest in the fate of the Y. M. C. A. by being present at this gathering and voicing their sentiments. Only two ladies were included in that number.

R. C. Coffin, state secretary of the Y. M. C. A., with headquarters in Minneapolis, was in the city to look over the situation, and gave a very good address at the mass meeting.

The speaker reviewed the ideals of the association since its inception, referring to it as both an institution and a movement. From the latter angle it has a three-fold program, the growth of the individual spiritually, mentally, socially and physically.

Mr. Coffin expressed his fears of the results of closing the local building, even for a short time, and stated that some plans should be made for tidying the organization over the summer months and attacking the situation with renewed efforts when autumn arrives.

The financial situations in other towns were reviewed by the state secretary, in which it was pointed out that many associations have pulled out of more serious troubles in this respect than the one Brainerd is facing.

"People should not expect the Y. M. C. A. to be self-supporting," said Mr. Coffin. "It is not a healthy con-

dition, because folks will not have the interest in its success that they would have if they made an investment in it every year."

The activities carried on in the association's building is not the only phase which should be considered. Mr. Coffin pointed out that while this side of the work is absolutely essential, still there is much outside work to be done, and the larger the program that is carried out, the greater will be the interest aroused in the community.

The fact was emphasized that there is a great field in Brainerd among the boys and young men, for work which will exert a decided influence upon their lives, and the speaker stated that he has hopes of assisting in working out such a program, which would include an adequate building, equipment, etc., to be worthy of the work, the association and the city of Brainerd. This, he stated, may be possible in the near future, for he promised a greater co-operation from the state department than in the past.

Many were the expressions of those in attendance at the meeting, all voicing the same thought, namely, that it would be nothing short of a calamity, both to the Y. M. C. A. and to the city, to close the doors of the association at this or any other time. A number of the young men were loud in their appeal that the building be kept open and in use.

The local secretary, Dan Lawrence, made a report of the financial condition of the organization, stating that he had been able to keep the expenses well below the two hundred dollar per month limit, in fact, the cost of operations has never exceeded \$180 per month, he said.

On the other hand, Mr. Lawrence reported that the income from membership is about \$141 monthly, from the renting of rooms, \$10 and from baths, \$15, per month.

Mr. Coffin spoke of the need of adequate facilities for taking care of the older members of the association, with physical training classes for the business men, etc. This branch of the work is meeting with much enthusiasm among the men of other cities, and has become an important department in most of the Y. M. C. A's.

After the matter had been thoroughly discussed, a motion was carried unanimously that the directors be asked to keep the building open and make plans for more adequate quarters in the future.

The board of directors met immediately after the mass meeting.

and rescinded their action to close the association, in accordance with the motion made at the meeting earlier in the evening. They also gave Secretary Lawrence a two months leave of absence, effective July 1st, and appointed a committee of three to make plans for supervising the building during the summer months. This committee is composed of George Lowe, chairman, George Tracy and Walter E. Paul.

Mr. Lawrence also tendered his resignation, to take effect at such time as the board sees fit to act upon

it. In taking this action, he is in harmony with all secretaries throughout the country, whereby, all such officials past 60 years of age are retired.

A fund has just become operative in the past year for pensioning the secretaries at the age of 60. The international association has passed a resolution whereby all of its secretaries are automatically retired at that age.

One of the purposes of this action is to keep the movement more distinctly a young men's movement. The

retiring fund covers only a portion of the secretary's previous salary and is scaled according to his previous income and the number of years that he has been in such service.

The local board of directors feel very appreciative of the untiring efforts of Secretary Lawrence during the twelve years of his tenure of office with the Brainerd association, and the young men who have been the recipients of his help are loud in their praise of the secretary, and regret his resignation.

A motion was also passed at the

board meeting, authorizing the president to appoint a committee to begin working on plans for the future, looking toward a new and adequate Y. M. C. A. building for Brainerd. This committee has not as yet been appointed.

Secretary Coffin expressed himself as feeling that the time has arrived when Brainerd should have a building that is really a credit to the city as well as to the association, and more nearly in harmony with the development of the city in other

With the enlarged program which it is planned to inaugurate, it is hoped that the Northern Pacific Railway Company will see fit to increase its support to the local association, said Mr. Coffin, who stated that he expects to keep in close touch with the local situation, and will do all in his power to assist in any plans which are made to further the growth of the Y. M. C. A. in Brainerd.

SPORTS

SPOILING BOXERS WITH BIG PURSES

By HENRY L. FARRELL
United Press Sports Editor

New York, June 14.—Tex Rickard is beginning to get a back-fire from the bad habits he gave the big boxers when he took over Madison Square Garden. His generosity in giving huge purses made all the boxers re-appraise themselves and add a couple of ciphers to their old rate.

Rickard complains that he now has to offer a fortune to get second raters in the ring and that the champions will not fight for any amount if they are called upon to risk their titles.

Jess Willard and Luis Firpo both gave Rickard a nice throw-down recently, but from his experience with a certain element of the boxing crowd, he should have expected nothing better.

Rickard put Willard in the way of a lot of money when he staged the Dempsey-Willard fight, and later when Willard was trying to come back for more money Rickard helped him to get around the "age limit" rule of the boxing commission by getting him into a charity show.

Perhaps Rickard thought that he might be compensated for his part in arranging the Willard-Johnson fight by getting Willard steamed up into a card for another big fight.

The opportunity for such was offered in a bout against Firpo, and Willard turned around and demanded 40 per cent of the gate receipts.

Firpo was indebted to Rickard, even more, because Rickard brought him along when all the other promoters were giving the South American the grand go-by. Firpo was brought along to a real money fight with Willard, and then Firpo demanded 40 per cent of the receipts. If Rickard had agreed to his terms he would have had 20 per cent for his end, and it takes about 15 per cent to stage a big match.

Rickard made such a big splurge that he saw his business grow out of Madison Square Garden. With the limited seating capacity in the Garden it became impossible to pay the champions and near-champions the money they wanted and, with competition springing up against him from the baseball parks, Rickard had to give up the Garden and set about to build a big new arena for winter sports. Wise old fellows in the business said that Rickard was making a mistake when he was giving the boxers so much money, and they predicted, make the "eggs" all rich and lose his own shirt.

Some idea of the valuation that boxers are putting on themselves was gotten when Firpo replied to promoters who wanted to match him with Erminio Spalla, the European heavyweight champion, that he would accept the match for "\$100,000 in American gold."

Firpo's avarice and greed for money are getting him in bad with the New York fans. No one can blame the South American for trying to get all the money he can, but he should not try to squeeze it out of his benefactors. Jimmy DeForest, who was making a great fighter out of him, has almost given him up as hopeless, and if Firpo doesn't stick with DeForest he never will make the most of the opportunities that are presented for him.

Rickard had ten big championship fights planned for the summer season, and so far he has clinched only one of them. He is despairing of the others.

Looking Ahead

IN ATTEMPTING to vision the demands for its products, which the next ten years may develop, the Standard Oil Company (Indiana), taking counsel of its long experience, is preparing to care for an enormously increased business when it develops.

In the decade just past the demand for gasoline has increased far beyond the dream of the most imaginative, as viewed from 1913.

In that year there were 1,287,000 automotive vehicles registered in continental United States.

Today there are more than ten times as many, yet, the Standard Oil Company (Indiana) is able to supply the demand for its service now more promptly and with greater efficiency than was possible ten years ago.

The Company has been able to keep up with this great, constantly increasing, demand because it always is working with a keen eye to the future and preparing, so far as is possible, for the extreme demand which may be developed.

During the past ten years the Company has found it necessary to expand its manufacturing facilities to an extraordinary degree; to create and develop processes which would recover a greater amount of gasoline from a given quantity of crude, without in any way sacrificing quality—to expand and perfect a network of distributing outlets which would operate with machine-like precision—bulk storage depots, service stations, delivery trucks and tank wagons.

Not even the remotest spot in the ten Middle Western states is without Standard Oil service.

All of these things have been done. They have been accomplished without any blare of trumpets—just as a part of the day's work.

It is the ambition of the 27,000 men and women who make up the personnel of the Standard Oil Company (Indiana) to conduct every department of the Company's activities so that you, as an American citizen, will point with pride to the Standard Oil Company (Indiana) as a leader in a highly specialized branch of an essential industry.

SPOILING BOXERS WITH BIG PURSES

By HENRY L. FARRELL
United Press Sports Editor

New York, June 14.—Tex Rickard is beginning to get a back-fire from the bad habits he gave the big boxers when he took over Madison Square Garden. His generosity in giving huge purses made all the boxers re-appraise themselves and add a couple of ciphers to their old rate.

Rickard complains that he now has to offer a fortune to get second raters in the ring and that the champions will not fight for any amount if they are called upon to risk their titles.

Jess Willard and Luis Firpo both gave Rickard a nice throw-down recently, but from his experience with a certain element of the boxing crowd, he should have expected nothing better.

Rickard put Willard in the way of a lot of money when he staged the Dempsey-Willard fight, and later when Willard was trying to come back for more money Rickard helped him to get around the "age limit" rule of the boxing commission by getting him into a charity show.

Perhaps Rickard thought that he might be compensated for his part in arranging the Willard-Johnson fight by getting Willard steamed up into a card for another big fight.

The opportunity for such was offered in a bout against Firpo, and Willard turned around and demanded 40 per cent of the gate receipts.

Firpo was indebted to Rickard, even more, because Rickard brought him along when all the other promoters were giving the South American the grand go-by. Firpo was brought along to a real money fight with Willard, and then Firpo demanded 40 per cent of the receipts. If Rickard had agreed to his terms he would have had 20 per cent for his end, and it takes about 15 per cent to stage a big match.

Rickard made such a big splurge that he saw his business grow out of Madison Square Garden. With the limited seating capacity in the Garden it became impossible to pay the champions and near-champions the money they wanted and, with competition springing up against him from the baseball parks, Rickard had to give up the Garden and set about to build a big new arena for winter sports. Wise old fellows in the business said that Rickard was making a mistake when he was giving the boxers so much money, and they predicted, make the "eggs" all rich and lose his own shirt.

Some idea of the valuation that boxers are putting on themselves was gotten when Firpo replied to promoters who wanted to match him with Erminio Spalla, the European heavyweight champion, that he would accept the match for "\$100,000 in American gold."

Firpo's avarice and greed for money are getting him in bad with the New York fans. No one can blame the South American for trying to get all the money he can, but he should not try to squeeze it out of his benefactors. Jimmy DeForest, who was making a great fighter out of him, has almost given him up as hopeless, and if Firpo doesn't stick with DeForest he never will make the most of the opportunities that are presented for him.

Rickard had ten big championship fights planned for the summer season, and so far he has clinched only one of them. He is despairing of the others.

Beauty is But Skin Deep And Good Blood is Beneath Both

Minneapolis, Minn.—"I want to make this public expression of what Dr. Pierce's medicines have done for me. Some years ago I was in a weak run-down condition with neither strength nor ambition. A neighbor suggested that I take Dr. Pierce's Golden Medical Discovery. I secured a bottle from the drug store and this was so helpful that I had no need of a second bottle. To those whose condition needs building up I can and do recommend Dr. Pierce's Golden Medical Discovery."—Mrs. Addie Hottell, 711 Buchanan St., N. E. Gain health and vitality by obtaining Dr. Pierce's Discovery at your drug store, in tablets or liquid.

Looking Ahead

IN ATTEMPTING to vision the demands for its products, which the next ten years may develop, the Standard Oil Company (Indiana), taking counsel of its long experience, is preparing to care for an enormously increased business when it develops.

In the decade just past the demand for gasoline has increased far beyond the dream of the most imaginative, as viewed from 1913.

In that year there were 1,287,000 automotive vehicles registered in continental United States.

Today there are more than ten times as many, yet, the Standard Oil Company (Indiana) is able to supply the demand for its service now more promptly and with greater efficiency than was possible ten years ago.

The Company has been able to keep up with this great, constantly increasing, demand because it always is working with a keen eye to the future and preparing, so far as is possible, for the extreme demand which may be developed.

During the past ten years the Company has found it necessary to expand its manufacturing facilities to an extraordinary degree; to create and develop processes which would recover a greater amount of gasoline from a given quantity of crude, without in any way sacrificing quality—to expand and perfect a network of distributing outlets which would operate with machine-like precision—bulk storage depots, service stations, delivery trucks and tank wagons.

Not even the remotest spot in the ten Middle Western states is without Standard Oil service.

All of these things have been done. They have been accomplished without any blare of trumpets—just as a part of the day's work.

It is the ambition of the 27,000 men and women who make up the personnel of the Standard Oil Company (Indiana) to conduct every department of the Company's activities so that you, as an American citizen, will point with pride to the Standard Oil Company (Indiana) as a leader in a highly specialized branch of an essential industry.
